

A NEW DIMENSION IN PRINT AND CUT

UV-LED

HIGH-DEFINITION
OUTPUT

SPECIAL EFFECTS

TR

The most advanced generation of TrueVIS

- ▶ ECO-UV inks and premium UV print technology make the MG ideal for branching into professional UV print and cut.
- ▶ High-quality components, time-saving RIP features and simple media handling make the MG perfect for printing short runs, long runs, print/cut, and so much more.

U

User-friendly features—
with you in mind

- ▶ Easy-to-operate control panel.
- ▶ Optional take-up unit enables unattended printing.
- ▶ Optional extension table lets users print onto semi-rigid card stock.

Expanded print expression

- ▶ Available ink configurations to meet your customers' needs—from brand accurate colors to high-end, premium gloss and texture effects.
- ▶ Combine Orange and Red inks to push the color boundaries of digital printing.
- ▶ High opacity white ink formulated to produce high-quality window graphics with economical ink usage.

Additional Features

- + Included VersaWorks 6 RIP—featuring new True Rich Color 3 preset, Nearest Color Finder, and Variation job function.
- + Roland DG Connect App ready—giving you instant access to important data about print jobs as well as your business.
- + A variety of available ink configurations expand your capabilities to include rich colors and interesting spot UV effects.
- + One-pass multilayer printing functionality lets users produce exciting print output with ease.
