
For years we've let our imaginations
dive into the undoable and emerged
with answers that revolutionize printing,
and make the industry a greener and
more suitable place. **Join us to celebrate
the impossible.**

You are cordially invited to attend the
Imagination Gallery, and witness
the unveiling of our new **MagnaColours**
brand. Use your eyes and fingers and
explore an exhibition that pays tribute
to the most innovative accomplishments
in water-based inks.

**Visit us at ISS,
Long Beach,
MagnaColours
Stand #2339**

22nd - 24th January
We look forward to
seeing you there.
