

GR 6v

Ink Degradent

General Description

GR-6v is a water soluble ink degradent. It is highly effective on plastisol, lacquer stencil, poster, multi-purpose (solvent based) and UV inks.

Advantages

- **Non-toxic within OSHA regulations.**
- **Non-flammable (no DOT red label required).**
- **Biodegradable/drain safe into any properly working sanitation treatment plant.**
- **Non-objectionable odor.**
- **Meets low VOC requirements per State of California SCAQMD regulations.**
- **Drain acceptable to a treatment plant, after soil release, when used as directed.**
- **Safe for use with most mesh adhesive.**

Quick Tip:

Always pressure wash screen from the bottom and work upwards.

This will prevent ink from locking back onto the mesh when coming in contact with the rinse water.

Application

1. Spray GR 6v on both sides of screen.

2. Scrub screen with non-abrasive pad or brush.

3. High pressure rinse - starting at bottom.

Packaging

5 gallon pail

30 gallon drum

55 gallon drum
