

# STENCIL REMOVER: IMS601/IMS602/IMS603/IMS630

ImageStar Stencil Remover products are used to reclaim all stencil types. Available as a ready for use product and as economical concentrates which allow the user to adjust the strength of the product.

## HIGHLIGHTS:

- **IMS601 RFU STENCIL REMOVER**

This product breaks down stencil material quickly and can be applied right from the container without mixing.

- **IMS602 1:50 STENCIL REMOVER CONCENTRATE**

A liquid concentrate that can be diluted 1 gallon of concentrate with 50 gallons of water to make a ready for use product. Less water will make a stronger product.

- **IMS603 STENCIL REMOVER POWDER**

This powder concentrate can be mixed 1% in water to make a ready for use product. The maximum powder concentration is 14% by weight. 1.5 ounces per gallon is the recommended starting mixing ratio.

- **IMS630 1:20 STENCIL REMOVER CONCENTRATE**

A liquid concentrate that can be diluted 1 gallon of concentrate with 20 gallons of water to make a ready for use product. Less water will make a stronger product.

## PROCESSING RECOMMENDATIONS:

- Use one of the ImageStar screen wash products to remove ink.
- Apply stencil remover to both sides of the screen. Brush product evenly on to stencil and allow dwell time of 1 to 2 minutes. Remove with high pressure spray.
