

MagnaPrint® Glitter Base AP

Ready to use Glitter Paste

MagnaPrint® Glitter Base AP is a ready to use print paste with a high gloss finish, soft handle and excellent wash fastness.

Any Shade of glitter can be achieved by tinting the paste with MagnaPrint® Eco Pigments.

MagnaPrint® Glitter Base AP can also be printed directly or used as a overprint on pre printed colours

Application

Printing is best undertaken using 24-32T (60-86) mesh screens with rectangular profile squeegees. Screen mesh should be considered before printing due to the particle size of the glitter in MagnaPrint® Base Glitter AP.

If printing in conjunction with a multicoloured design print MagnaPrint® Glitter Base AP as last colour to avoid pick up.

After printing the garment/panel should be cured for 2-2½ min @ 165°C (330°F).

SPECIFICATION
