

PMI SPLIT TAPE

PMI Split Tape

- Use to tape the inside edge of the screen frame where mesh and frame meet
- Use on metal frames, both retensionable and rigid
- Blue non-adhesive area goes on the frame and the white area goes on the mesh
- Tape will not break, leave adhesive residue, or damage emulsion when removed
- Available in 2"x60YD (36 rls/cs), 3"x60YD (24 rls/cs), or 4"x60YD (18 rls/cs)

PMI Full Adhesive Tape

- Use to tape further inside the screen to extend the white area of the split tape
- Apply on the mesh where the squeegee edge rides to protect the screen from breaking down
- Can use on the print side of the mesh as a block out tape
- Tape will not break, leave adhesive residue, or damage emulsion when removed
- Available in 2"x60YD (36 rls/cs), 3"x60YD (24 rls/cs), or 4"x60YD (18 rls/cs)

PMI Quick Rip Tape

- Hand-tearable, no dispenser or knife needed
- Use to tape the print side of the mesh as a block out tape
- Blue non-adhesive edge provides tab for easy removal
- Tape will not break, leave adhesive residue, or damage emulsion when removed
- Available in 2"x60YD (36 rls/cs), 3"x60YD (24 rls/cs) or 4"x60YD (18 rls/cs)

PMI Dispensers

- **Tape Gun**
 - Use for 3" or 4" Split Tape
 - Quick and accurate application of tape without wrinkles
 - Trigger to cut the tape at the end of application
 - Strong and durable stainless steel design
- **Table-Mount Dispenser**
 - Use for all Split and Full adhesive tapes
 - Can be mounted to table to allow one person to easily pull and cut tape
 - Strong and durable stainless steel design
