

65" Pneumatic Laminator w/ Heat Assist

The Paramount 65X is the *Pneumatic Laminator* you have been waiting for. Backed by over 30 years of industry experience, the 65" pneumatic pressurized rollers offers trouble free lamination. With maximum speeds reaching nearly 20 ft./min. (6 m./min.) and the included rear take-up, the Paramount 65X sets a new standard for wide format laminators. Safety features include a photoelectric eye and easily accessible emergency stops. The heavy duty foot pedal with and rear facing remote allows for hands free operation, especially useful when mounting substrates up to 1.2" (30 mm) in thickness. The "SureSet" tension control knobs enables users to easily set a repeatable amount of tension for any job. The Paramount 65X is the next evolution in a long line of industry leading wide format laminators by Royal Sovereign.

Contact your local sales representative to find out how the Paramount 65X will be the perfect fit for your production needs.
