

UltraMesh Plus is an 8 oz. coated polyester scrim mesh banner material. This economical light weight material can be printed on one side and allows 37% air-flow through making it ideal for building, stadium and fence wraps. UltraMesh Plus can be printed with solvent and UV printers that have mesh kits. This product is also available with a PVC backer that peels off after printing called Strip Mesh Plus. It is available in a 126" and 196" width.
